AMENDED PETITION FOR REVIEW CHALLENGING THE FINAL 2021 PENNSYLVANIA LEGISLATIVE REAPPORTIONMENT COMMISSION PLAN

AMENDED PETITION FOR REVIEW CHALLENGING THE FINAL 2021 PENNSYLVANIA LEGISLATIVE REAPPORTIONMENT COMMISSION PLAN

AND NOW, come the Petitioners, Ryan Covert, Erik Hulick, and Darlene J. Covert, by and through their attorneys, Jen GV Gilliland Vanasdale, Esquire, and GILLILAND VANASDALE SINATRA LAW OFFICE, LLC, and file the following Amended Petition for Review Challenging the Final 2021 Pennsylvania Legislative Reapportionment Commission Plan released on Friday, February 4, 2022 (a copy of said Final Plan for the Pennsylvania House of Representatives and Senate are attached as **Exhibits "A" and "B"**, respectively) and aver as follows:

PARTIES

1. The Petitioners[1], Ryan Covert, Erik Hulick, and Darlene J. Covert, (hereinafter "Petitioners") are citizens of the Commonwealth of Pennsylvania and residents of Chicora, Butler and Slippery Rock, Butler County.

2. The Respondent is the 2021 Pennsylvania Legislative Reapportionment Commission ("LRC") responsible for drawing state legislative maps following the 2020 U.S. decennial census.

JURISDICTION AND VENUE

3. This Court has jurisdiction over the Petitioners because they all reside in the Commonwealth of Pennsylvania.

4. This Court has original jurisdiction to hear this Challenge to the LRC Final Reapportionment pursuant to Article II, §17(d) of the Pennsylvania Constitution, which states, "[a]ny aggrieved person may file an appeal from the final plan directly to the Supreme Court within 30 days after the filing thereof."

FACTUAL BACKGROUND

5. Under the Pennsylvania Constitution, state legislative districts are reviewed every ten (10) years following the U.S. decennial census.

---

[1] Petitioners initiated their timely Challenge of the Final Plan with a Petition for Review on February 15, 2022, which was to be the first day of the Election Calendar. Petitioner Ryan Covert intended to be a candidate for State Representative and wanted to provide notice of his Challenge due to the impact of the Elections Calendar. Petitioners are hereby timely amending their Petition challenging the Final Plan as a whole.

6. State legislative district(s) "shall be composed of compact and contiguous territory as nearly equal in population as practicable. Each senatorial district shall elect one Senator, and each representative district one Representative. Unless absolutely necessary no county, city, incorporated town, borough, township, or ward shall be divided in forming either a senatorial or representative district." Pa. Const. art. II, § 16.

7. The LRC was created via the Constitutional Convention of 1967-68 and is codified at Article II, section 17 of the Pennsylvania Constitution.

8. On September 16, 2021, the United States Census Bureau released data from the 2020 census to state redistricting authorities and the public.[2]

9. According to the 2020 Census, Pennsylvania has 13,002,700 residents and the Pennsylvania House of Representatives is made up of 203 districts. Thus, the ideal district population is about 64,053 persons per district, pursuant to Pa. Const. Art. II, § 16.

10. The Commonwealth of Pennsylvania reviewed and distributed population data received from the U.S. Secretary of Commerce. This data is commonly referred to as "P.L. 91-171 data," (hereinafter "data"). Pub. L. No. 940171, 89 Stat. 1023 (1975).

---

[2] Redistricting in Pennsylvania after the 2020 Census, http://ballotpedia.org/Redistricting_in_Pennsylvania_after_the_2020_census (accessed February 7, 2022).

11. This data showed population growth in Butler County with an increase of 9,901 people, raising Butler County's population from 183,862 people per the 2010 census to 193,763 following the 2020 census.

12. Butler County had the largest population growth in Southwestern Pennsylvania. **See attached Exhibit "C"** #000107 2021 LRC

13. All counties surrounding Butler County, including Mercer and Lawrence Counties, experienced a population decrease.

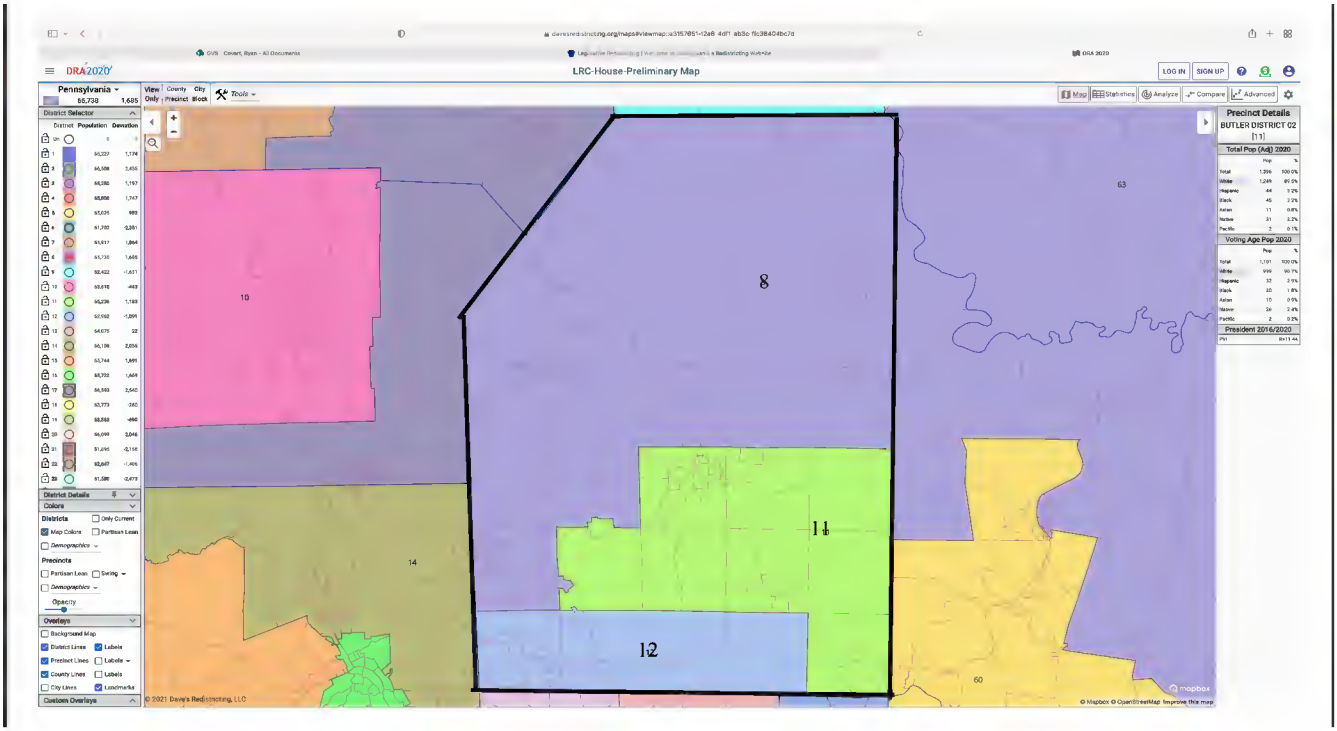
14. Butler County had the fourth largest percentage growth increase in the Hispanic share of population between 2010 and 2020 with an 88.8% increase. **See attached Exhibit "D"** #000556 2021 LRC

15. Unlike Butler County, Mercer County is not amongst the counties with the highest percent increase in Hispanic population, nor does the data show any significant Hispanic population in Mercer County. **See also Exhibit D.**

16. Applying the ideal population of about 64,053 persons per district, Butler County's current population supports three (3) state representative districts all inside of Butler County.

17. Consistent with this data, on December 16, 2021, the LRC released its Preliminary Plan (hereinafter "Preliminary Map" or "Preliminary Plan"), that proposed three (3) state representative districts all inside of Butler County. **The following excerpt of the Preliminary Map for Butler County, along with the**

description that follows, illustrates the three proposed state representative districts contained entirely inside Butler County (outlined with black border):

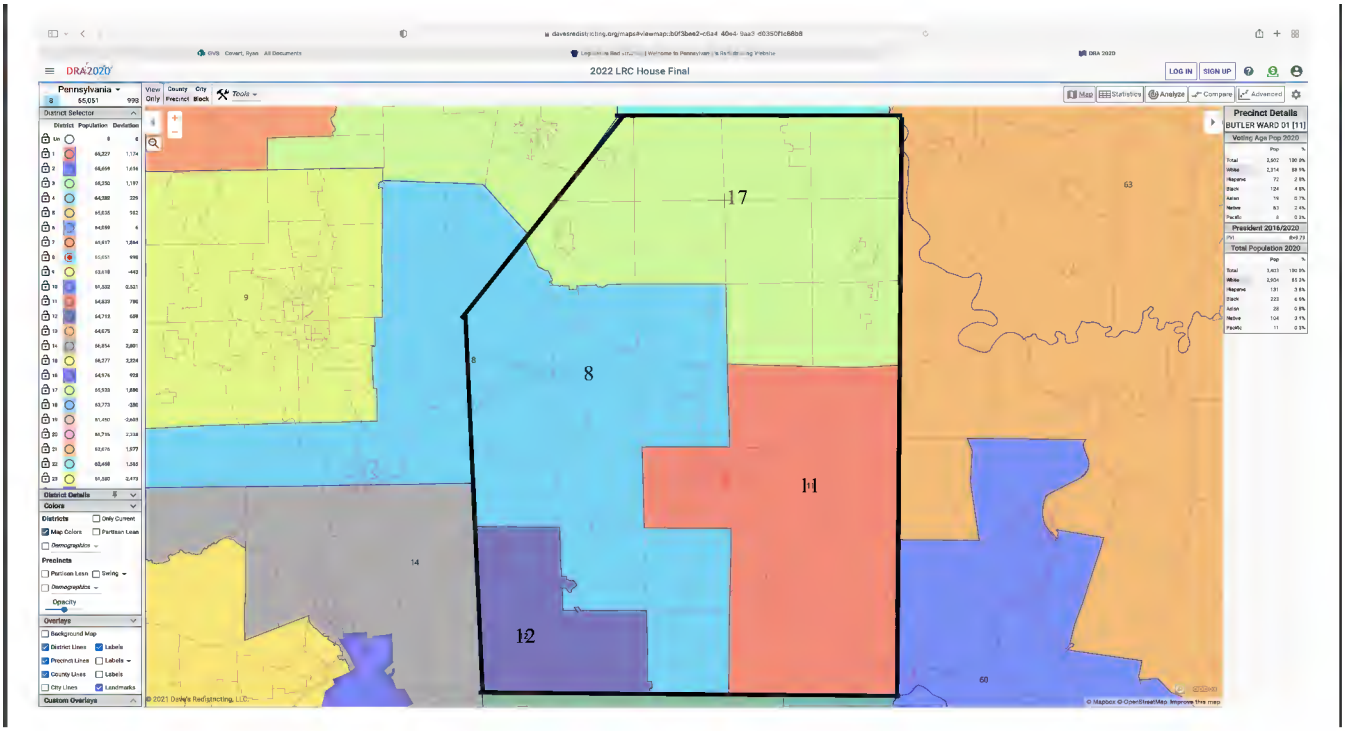


District Number	Description
8	**BUTLER** County
	Part of BUTLER County consisting of the TOWNSHIPS of Allegheny, Brady, Center, Cherry, Clay, Concord, Connoquenessing, Donegal, Fairview, Franklin, Jackson, Lancaster, Marion, Mercer, Muddycreek, Oakland, Parker, Slippery Rock, Venango, Washington and Worth and the BOROUGHS of Bruin, Cherry Valley, Chicora, Eau Claire, Evans City, Fairview, Harmony, Harrisville, Karns City, Petrolia, Portersville, Prospect, Slippery Rock, West Liberty, West Sunbury and Zelienople.
	Total Population: 65,738
11	**BUTLER** County
	Part of BUTLER County consisting of the CITY of Butler and the TOWNSHIPS of Buffalo, Butler, Clearfield, Forward, Jefferson, Penn, Summit and Winfield and the BOROUGHS of Connoquenessing, East Butler and Saxonburg.
	Total Population: 65,236
12	**BUTLER** County
	Part of BUTLER County consisting of the TOWNSHIPS of Adams, Clinton, Cranberry and Middlesex and the BOROUGHS of Callery, Mars, Seven Fields and Valencia.
	Total Population: 62,962

18. The Preliminary Map divided Butler County into three (3) state representative districts that were comprised solely of Butler County residents with populations equal as possible within compact and contiguous territories.

19. Despite the propriety of the Preliminary Map, the LRC on February 4, 2022, effectively pulled a bait and switch when it issued a new and Final Reapportionment Plan (hereinafter "Final Map" or "Final Plan"), dividing Butler County in violation of Pa. Const. art. II, § 16. The **following excerpt of the Final Map, along with the description that follows, shows the divide of Butler**

County state representative districts that now split the County and extend into both Mercer and Lawrence Counties:



District Number	Description
8	**BUTLER** and **LAWRENCE** Counties
	Part of BUTLER County consisting of the TOWNSHIPS of Brady, Center, Clay, Connoquenessing, Forward, Franklin, Lancaster, Middlesex, Muddycreek, Penn and Worth and the BOROUGHS of Connoquenessing, Portersville, Prospect, West Liberty and West Sunbury and Part of LAWRENCE County consisting of the TOWNSHIPS of Little Beaver, Perry, Plain Grove, Scott, Slippery Rock, Washington and Wayne and the BOROUGHS of Ellport, Ellwood City (Lawrence County Portion), Enon Valley, New Beaver, Volant and Wampum.
	Total Population: 65,051 (-687 from Prelim Plan Map)
11	**BUTLER** County
	Part of BUTLER County consisting of the CITY of Butler and the TOWNSHIPS of Buffalo, Butler, Clearfield, Clinton, Donegal, Jefferson, Oakland, Summit and Winfield and the BOROUGHS of Chicora, East Butler and Saxonburg.
	Total Population: 64,833 (-403 from Prelim Plan Map)
12	**BUTLER** County
	Part of BUTLER County consisting of the TOWNSHIPS of Adams, Cranberry and Jackson and the BOROUGHS of Callery, Evans City, Harmony, Mars, Seven Fields, Valencia and Zelienople.
	Total Population: 64,712 (+1750 from Prelim Plan Map)
17	**BUTLER** and **MERCER** Counties
	Part of BUTLER County consisting of the TOWNSHIPS of Allegheny, Cherry, Concord, Fairview, Marion, Mercer, Parker, Slippery Rock, Venango and Washington and the BOROUGHS of Bruin, Cherry Valley, Eau Claire, Fairview, Harrisville, Karns City, Petrolia and Slippery Rock and Part of MERCER County consisting of the TOWNSHIPS of Coolspring, Deer Creek, Delaware, East Lackawannock, Fairview, Findley, French Creek, Jackson, Jefferson, Lake, Liberty, Mill Creek, New Vernon, Otter Creek, Perry, Pine, Salem, Sandy Creek, Sandy Lake, Springfield, Sugar Grove, Wilmington, Wolf Creek and Worth and the BOROUGHS of Fredonia, Grove City, Jackson Center, Mercer, New Lebanon, Sandy Lake, Sheakleyville and Stoneboro.
	Total Population: 65,933

20. Under the Final Map, Butler County is unnecessarily divided, splitting Butler County house districts into both Lawrence County and Mercer County.

21. "Unless *absolutely necessary* no county, city, incorporated town, borough, township or ward shall be divided in forming either a senatorial or representative district." Pa. Const. art. II, §16 (emphasis added). The division of Butler County in the Final Map is unconstitutional as there was no absolute necessity to do so, as the Preliminary Map illustrates.

22. "Community of Interest" or other subordinate factors, such as protection of incumbents, would not justify violating neutral constitutional criteria that provide the People of Pennsylvania with necessary protection when drawing a Final Map. League of Women Voters v. Commonwealth, 645 Pa. 1, 91 (Pa. 2018).

23. Further, subordinate Community of Interest criteria only highlight the final plan's failure as seven (7) out of the eight (8) school districts in Butler County are divided into multiple state representative districts and overlap into school districts in Lawrence and/or Mercer Counties as illustrated below:

Butler County School Districts	District # Per Final Plan
Butler Area	8,11
Freeport Area*	11
Karns City Area	8,17
Mars Area	8,12
Moniteau	8,17

Seneca Valley	8,12
Slippery Rock Area	8,17
South Butler (officially changing name to Knoch School District effective July 1, 2022)	8,11
School Districts outside of Butler County	**District # Per Final Plan**
Laurel	8,9
Mohawk Area	8,9
Wilmington Area	8,9,17
Blackhawk*	8,15

* Part of Freeport school district naturally extends into Armstrong County, District 60
*Appears to include portions of Beaver County too

24. The growing Hispanic population in Butler County is a further basis for keeping state legislative districts within Butler County instead of creating multi-county districts that cross into Mercer County, which does not share the same community and needs.

25. The new districts unnecessarily divide Butler County and are not composed of compact and contiguous territory.

26. Under the Final Map, the Pittsburgh-Butler County Regional Airport located in Penn Township, Butler County, would now be part of District 8 that goes outside of Butler County into Lawrence County, where an out of county incumbent State Representative resides. The Butler County airport is critical to

Butler County development and business and has little to nothing to do with Lawrence County.

27. Growing areas in Penn and Middlesex Township, Butler County that borders Allegheny County were moved in the Final Map to also become part of District 8, which is more rural, extends into Lawrence County, and traverses all the way to the Ohio state line. A resident of these Townships would now need to travel through District 11 in Butler County to find his or her state representative in District 8 in Lawrence County, where an incumbent resides.

28. As the Court observed in Holt v. Legislative Reapportionment Comm'n (Holt II), 620 Pa. 373, 398 (Pa. 2013):

> The Pennsylvania Constitution does not define contiguity or compactness as related to legislative districts, but this Court has defined a contiguous district as 'one in which a person can go from any point within the district to any other point) within the district without leaving the district, or one in which no part of the district is wholly physically separate from any other part.

Id. (*quoting* Commonwealth ex rel. Specter v. Levin, 448 Pa. 1, 298 A.2d 15, 23 (1972)).

29. The General Rule associated with State Constitution Contiguity is that you "must be able to go to every part of the district without leaving it" fails. **See attached Exhibit "E"** #00092 2021 LRC

30. Under the Final Map, District 17 includes a portion of Butler County (22,294 people), with the majority of the population residing in Mercer County (43,639 people), where another incumbent State Representative resides.

31. This new district unnecessarily splits Butler County and dilutes the votes and voices of Butler County residents, including Hispanics and the diverse population at the public Slippery Rock University[3] by combining them with Mercer County, which enjoys the majority population and a private college at Grove City.

32. On Thursday, February 3, 2022, upon being notified of the last minute changes to the Butler County districts, Butler County resident and State Representative Marci Mustello sent an email to LRC Chairman Mark Nordenberg

---

[3] Professor Stanley Chepaitis from Indiana, Pennsylvania testified at the LRC hearing on September 21, 2021. "I am asking if you would take a very close look at all of the towns which host the universities of the State System, and other universities as well, and I'm sure there's similar issues in State College, and I think when you do you will find that they were districted in such a way to split and mute the voice of these communities of interest which always gather around a university. If you reverse gerrymanders, I'll call them gerrymanders, and by the way, I was very interested in the map that the lady held up of Butler County, because right there at the nexus of all of that crisscrossing is Slippery Rock University, which is another one. But anyway, if you reverse these gerrymanders, it's probably not going to have a major effect you know, on the political calculus statewide, but it will give these communities of interest which gather around universities more of a voice. It will ask their Representative to heed that voice, to be very mindful of that voice, because I think now they can safely more or less ignore it. And it might just help us save the State System, if that's still possible. I don't know." **See attached Exhibit "F"** excerpt from Stenographic report of hearing on September 21, 2021, Page 698-699 LRC 2021

requesting his immediate attention to the "radical" "last-minute changes to the state legislative districts in Butler County." **See attached Exhibit "G"**

33. On February 7, 2022, *after* the final plan vote on February 4, 2022, Chair Nordenberg responded via email to State Representative Mustello admitting that he and the Commission "felt quite good" about the Butler County map that was part of the preliminary plan. **See also Exhibit "G"**

34. Shockingly, Chair Nordenberg admitted that subordinate criteria was used and attempted to justify the division of Butler County by blaming Representative Mustello's caucus leader, claiming that one of the caucus leader's top priorities was "to unpair two Republican incumbents who had been drawn into the same district as a part of the preliminary plan. To accommodate that expressed priority, we needed to bring those two representatives back into Butler County, which is a part of their current districts." **See also Exhibit "G"**

35. Chair Nordenberg stated that "this also permitted us to be responsive to some of the "community of interest" comments that had been submitted to us." **See also Exhibit "G"**

36. "Community of Interest" considerations do not trump the constitutional criteria that require that Butler County not be divided.

37. "The Constitution 'trumps' political considerations. Politics or non-constitutional considerations never 'trump' constitutional requirements." Holt v.

2011 Legislative Reapportionment Commission, 67 A.3d 1211 (*quoting* Legislative Districting of the State, 370 Md. 312, 805 A.2d 292, 326 (Md. 2002)).

38. Upon information and belief, such attempts by Chair Nordenberg to justify changes are not supported by the law and public record.[4]

39. The transcript of the Public Hearing held on **January 6, 2022**, supports that the House Republican team had identical submissions to the Preliminary map for Butler County:

> 'We received binders of map proposals from the House Republican team, and we had frequent meetings with them to discuss issues they raised, as well as issues that we all identified. **In fact, last evening, we identified twenty* counties in the Commission's preliminary map that are identical to submissions made by House Republicans.** That list includes Armstrong, Cameron, Clarion, Clinton, Blair, **Butler,** Carbon, Bedford, Elk, Forest, Fulton, Huntington, Indiana, Jefferson, McKean, Potter, Susquehanna, Sullivan, Union, Warren, and Westmoreland.'

000814 2021 LRC (emphasis added) **See attached Exhibit "H"** excerpt from Stenographic report of hearing on January 6, 2022, Pages 1037-1038 LRC 2021

***Note – upon review of the transcript, there were 21 counties that had identical submissions.**

[4] The certified record produced by LRC starting February 23, 2022 to current date exceeds 10,679 pages. It is impossible to read all pages in such a short time period and additional time is requested for review and brief.

40. Further, upon information and belief, there were no exceptions to the preliminary plan involving community of interest concerns from Butler County residents requesting to be included with Mercer and/or Lawrence County.

41. Petitioner has been provided with the Certified Record Table of Contents prepared by the LRC, along with over Ten Thousand Six Hundred and Seventy-Nine (10,679) pages of record since February 23, 2022, and there is no description of any Butler County witnesses who raised comments as Chair Nordenberg represented in his email to Butler County State Representative Mustello.

42. Counsel for Petitioner located two letters addressed to the Chair from Grove City, Mercer County residents, but both letters appear to have been orchestrated for the benefit of the incumbent State Representative in Mercer County. The one individual, although he did not identify himself as the same, is the Campaign Chair of the Mercer County incumbent. The second individual is the Grove City Mayor, who resides in close proximity, recently appeared in a photograph, and is financial donor for the Mercer County incumbent. No collaboration with Butler County officials exists.

43. Upon information and belief, both letters and comments were not part of the public agenda to serve as notice and were not part of the public hearings for discussion that followed the January 6, 2022 hearing (when the House Republican

team and the LRC had identical submissions for Butler County as contained in the preliminary map) up to the February 4, 2022 meeting adopting the Final Plan.

44. Not only is there no justifiable "community of interest" for extending a Butler County district into Mercer County, the Final Plan of the LRC for the senatorial district for Butler County does not include Mercer County. The senatorial district of Butler County, like other districts in the Commonwealth, also unnecessarily divides but into Beaver County.

45. By dividing Butler County into four (4) state house districts, two (2) of which now include Mercer and Lawrence Counties, the people of Butler County are disenfranchised.

46. There is no legal basis to divide Butler County into state representative districts that extend across county lines to include Lawrence and Mercer Counties. This creates a 'ripple effect' that impacts the entire map, as contemplated in Holt v. 2011 Legislative Reapportionment Comm'n (Holt I), 38 A. 3d 711, 730 (Pa. 2012).

47. The Final Plan also unnecessarily divided other political subdivisions involving state representative and senatorial districts when it was not absolutely necessary to do so.

48. The LRC used subordinate criteria to the required neutral constitutional criteria in reaching the Final Plan and is therefore unconstitutional, improper, and contrary to law.

49. The citizens of Butler County and throughout the Commonwealth are victims to political games played in drawing a Final Map that offends[5] the People of Pennsylvania and violates our Constitution.

50. The Final Plan is unconstitutional and like a house of cards, the Final Map as a whole must now fall.

51. This Honorable Court held in League of Women's Voters of Pa. v. Commonwealth, 178 A.3d 809 (Pa. 2018), "[i]t is a core principle of our republican form of government that the voters should choose their representatives, not the other way around."[6]

---

[5] David Thornburgh, President and CEO, Committee of Seventy and Draw the Lines, testified in the LRC hearing on November 15, 2021 "It's when, and we've seen this in the past five decades, that when incumbency and protecting incumbents, or punishing challengers, becomes clearly a part of the decisions that result in the lines that are drawn, that people are offended. So, I hope that's a useful addition in your thought process." **See attached Exhibit "I"** excerpt from Stenographic report of hearing on November 15, 2021, Page 952 LRC 2021

[6] Mitchell N. Berman, *Managing Gerrymandering*, 83 Tex. L. Rev. 781, 781 (2205), quoted in *Arizona State Legislature v. Arizona Indep. Redistricting Comm'n*, 135 S. Ct. 2652, 2677 (2015).

OBJECTIONS TO THE 2021 FINAL PLAN AND ARGUMENT IN SUPPORT OF FINDING THAT THE FINAL PLAN IS CONTRARY TO LAW AND TO REMAND TO LRC

I. VIOLATION OF THE PENNSYLVANIA CONSTITUTION ARTICLE II SECTION 16

52. The averments in paragraphs 1-51 are hereby incorporated by reference as if set forth at length herein.

53. Pa. Const. art. II, §16 requires that:

> The Commonwealth shall be divided into 50 senatorial and 203 representative districts, which shall be composed of compact and contiguous territory as nearly equal in population as practicable. Each senatorial district shall elect one Senator, and each representative district one Representative. Unless absolutely necessary no county, city, incorporated town, borough, township, or ward shall be divided in forming either a senatorial or representative district.

54. The Preliminary Map achieved this Constitutional requirement as to Butler County. Without notice and failing to provide an opportunity to be heard, the LRC changed this Preliminary Map on Friday, February 4, 2022, and divided Butler County from three (3) state representative districts all inside of Butler County to four (4) districts that include Butler, Mercer and/or Lawrence Counties.

55. This Court in Holt II crafted a test to determine the level of political gerrymandering and said, "the difficulty, however, resides in attempting to identify with any level of precision where and how, if at all, political factors 'cross the

line', and can be said to have caused subdivision splits that were not absolutely necessary." Holt v. 2011 Legislative Reapportionment Comm'n (Holt II), 620 Pa. 373, 420 (Pa. 2013).

56. The LRC crossed the line when it first paired two state house Republican incumbents of Mercer and Lawrence County against each other. There was no legitimate need to draw such a gerrymander[7] other than for political reasons.

57. Thereafter, as supported in the Chair's email with Butler County District 11 State Representative Mustello, the LRC crossed the line again when it disregarded the Constitution and unnecessarily divided Butler County and placed two districts into Mercer and Lawrence Counties in an apparent political deal.

---

[7] Representative Mike Jones from Dallastown, Pennsylvania testified in the LRC hearing on January 15, 2022. "I know a gerrymander map when I see one, and rest assured, the House map put forth by this committee is a gerrymandered map." He goes on to state: "Which leads us to our second example. The newly created 10th and 17th Districts in western PA, one of the most blatant examples of gerrymandering. The 17th District is ridiculously shaped to snake the eastern side of Lawrence County, then make an abrupt left turn to the Ohio border, in the process drawing a border that not only removes Aaron Bernstein from his current 10th District, but literally splits the property line of his personal home. Are we to believe this occurred by accident? This was most likely done to create a new 10th District to protect a 13-time Democrat incumbent, Chris Sainato. But, Mr. Chairman, before you think I am just a Republican lawmaker testifying against a Democrat mapmaker, it goes beyond that. In cutting Bernstein out of the 10th District, he is pitted against an incumbent Republican in the newly formed 17th District." **See attached Exhibit "J"** excerpt from Stenographic report of hearing on January 15, 2022, Pages 1628-1631

58. The LRC further crossed the line by attempting to cover up its improper act by trying to justify that this was also responsive to "community of interest" comments.

59. Smoking gun evidence of the crossing of the line and the violation of the Constitution in doing so include both written evidence in the form of the Preliminary Map, which clearly shows that Butler County supported three (3) state representative districts all inside of Butler County, and testimony of LRC Chairman Nordenberg at the Final Plan meeting on February 4, 2022, when he stated:

> "Butler County is an area that has experienced strong growth and is perfectly sized for three full House districts."
>
> "Similarly, Mercer and Lawrence Counties are perfectly sized for three full House districts."
>
> Page 1748 LRC 2021 **See attached Exhibit "K"** excerpt from Stenographic report of hearing on February 4, 2022, Page 1748

60. There is no necessity, let alone no absolute necessity, to divide Butler County into four (4) house districts spanning into Mercer and Lawrence Counties. There is no absolute necessity to divide these counties. There is no absolute necessity to treat as some two-county or three-county region. *See* Pa. Const. art. II, §16.

61. The 2021 Final Plan divides other political subdivisions where it is not absolutely necessary in the House Plan as well as the Senate Plan.

62. Allentown is a heavily Democratic city with a population of 126,364, so that it must be divided into two districts, but the House Plan divides it unnecessarily into three state representative districts.

63. Another example is in the City of Lancaster, population 58,431, which is divided in half even though its population is small enough that the entire City can be held in one state representative district.

64. Another example is the City of Reading, which was divided into three House districts even though, based on population, it only needed to be split into two state representative districts.

65. Another example is Harrisburg, population of 50,679, can be easily contained within a single House district yet is improperly split for partisan reasons.

66. Another example is State College, home of the Pennsylvania State University, with a population of 40,508 that could easily be placed in a single House district but was split into two districts even dividing the campus of the University for partisan reasons. Interestingly, the Commission received substantial comments about the splitting of State College but ignored this feedback.

67. Another example is the City of Pittsburgh that was also divided into three Senate districts— SD-38, SD-42, and SD-43 for partisan reasons even though, based on population and constitutional criteria it should only split once.

68. Another example is South Whitehall Township in Lehigh County that was unnecessarily divided into two districts in the Senate Plan—SD-14 and SD-16 even though the Township could have been kept whole inside one district. Again, this was done for improper partisan reasons ignoring constitutional criteria.

69. The Final Plan is unconstitutional and like a house of cards, the Final Plan now must fall.

II. VIOLATION OF THE PENNSYLVANIA CONSTITUTION ARTICLE I SECTION I

70. The averments in paragraphs 1-69 of this Challenge are incorporated by reference as if set forth at length herein.

71. Article I, Section I, of the Pennsylvania Constitution provides "all men are born equally free and independent, and have certain inherent and indefeasible rights, among which are those of enjoying and defending life liberty, of acquiring, possessing, and protecting property and reputation, and of pursuing their own happiness. Constitution of 1968. [8]

---

[8] The Constitution of Pennsylvania, as amended by referenda of May 17, 1966, November 8, 1966, May 16, 1967, and April 23, 1968, and as numbered by proclamation of the Governor of this Commonwealth of July 7, 1967, pursuant to the act of August 17, 1965 (No. 180), shall be known and may be cited as the "Constitution of 1968."

72. The rights afforded under Article I, Section I of the Pennsylvania Constitution coexist with the 14th Amendment due process clause of the United States Constitution, which says "no state shall deprive any person of life, liberty, or property, without due process of law. Pa. Game Comm'n v. Marich, 666 A.2d 253 (Pa. 1995).

73. In addition, the 14th Amendment to the United States Constitution forbids a State to deprive any person of life, liberty, or property without due process of law. Conclusively, this Court said, "substantive due process is the esoteric concept interwoven within our judicial framework to guarantee fundamental fairness and substantial justice, and its precepts protect fundamental liberty interests against infringement by the government." Khan v. State Bd. Of Auctioneers Exam'rs, 842 A.2d 936, 946 (Pa. 2004). For substantive due process rights to attach there must first be the deprivation of a property right or other interest that is constitutionally protected. Id. at 946.

74. In terms of procedural due process, the government is prohibited from depriving individuals' life, liberty, or property, unless it provides the process that is due. Commonwealth v. Turner, 80 A.3d 754, 764 (Pa. 2013).

75. The basic elements of procedural due process are adequate notice, the opportunity to be heard, and the chance to defined oneself before a fair and impartial tribunal having jurisdiction. Id. at 764.

76. Petitioners had no notice of the Final Map that drastically changed the Preliminary Map and as a result, were deprived of due process during the proceedings, off record meetings that led up to the last minute redistricting, and the lack of transparency and process associated with the Final Plan.

77. Furthermore, Petitioners' due process rights continue to be violated in this process, as raised in Petitioners' Applications for Relief, and as restated herein as Petitioners seek time for receipt and review of Respondent's answer and brief, with an opportunity to reply and oral argument.

III. VIOLATION OF THE PENNSYLVANIA CONSTITUTION ARTICLE I SECTION 5 AND ARTICLE II SECTION 16

78. The averments in paragraphs 1-77 of this Challenge are incorporated by reference as if set forth at length herein.

79. Under the Pennsylvania Constitution, "Elections shall be free and equal; and no power, civil or military, shall at any time interfere to prevent the free exercise of the right of suffrage." Pa. Const. art. I, § 5.

80. The Pennsylvania Constitution sets up requirements for districts and these requirements include that district(s) be "as nearly equal in population as practicable." Pa. Const. art. II, § 16. To ensure equal protection and access, the districts must be set up to "make [each vote] equally potent in the election; so that

some shall not have more votes than others, and that all shall have an equal share." League of Women's Voters of Pa. v. Commonwealth, 178 A.3d 809 (Pa. 2018).

81. The Final Map interferes with the free exercise of the right of suffrage as it does not equally and fairly apply voting power across districts, and into the Counties of Mercer and Lawrence, thus eliminating the Free and Equal requirement for elections under the Pennsylvania Constitution and beyond.

82. Moreover, it takes the opportunity away from the people to select the representative of their choice, which violates the Free and Equal Elections Clause enumerated in the Pennsylvania Constitution.

83. The neutral and constitutional criteria of compactness, contiguity, and minimization of the division of political subdivisions was subordinate in the Final Map to other factors involving unfair partisan advantage and protecting incumbents over the constitutional protections of the residents of Butler County and throughout the Commonwealth.

84. Furthermore, there is no legally valid reason to place residents of Butler County, and other similarly situated citizens in the Commonwealth, into state representative and senatorial districts that include other counties when no absolutely necessity exists.

85. Additionally, for the LRC to adopt a Resolution to count prisoners at their last known address is arbitrary and capricious and not based on law. **See attached Exhibit "L"** #000430 2021 LRC

86. In order to reallocate prisoners, one would need to ask each prisoner where they intended to reside in accordance with the law. This did not happen.

87. The Final Plan violates the law, to include Article I, Section 5 and Article II, Section 16 of the Pennsylvania Constitution.

IV. VIOLATION OF THE PENNSYLVANIA CONSTITUTION ARTICLE I SECTION 26

88. Paragraphs 1-87 are incorporated by reference as if fully set forth at length herein.

89. Pa. Const., art. I, § 26 provides that "neither the Commonwealth nor any political subdivision thereof shall deny to any person the enjoyment of any civil right, nor discriminate against any person in the exercise of any civil right."

90. The current adoption by the LRC of the Final Plan deprives the voters of Butler County and throughout the Commonwealth of meaningful input into legislative elections because of dilution of their vote across counties and other governing boundaries.

91. Furthermore, it deprives the voters of proper representation by forcing many to travel outside of their home county and their local communities to see their state representative and/or state senator.

92. The Hispanic community of Butler County is not taken into account based on current population and the growth inside of Butler County.

93. The Final Plan denies the enjoyment of civil rights and discriminates in the exercise thereof.

V. ABUSE OF OFFICE, MISAPPLICATION OF GOVERNMENT RESOURCES, COLLUSION, CIVIL CONSPIRACY, AND NEGLECT

94. Paragraphs 1-93 are incorporated by reference as if fully set forth at length herein.

95. Respondent's actions constitute a violation of Pennsylvania law as the Final Plan conflicts with the Pennsylvania Constitution and is improperly designed for political and non-constitutional reasons at the expense of the citizens of the Commonwealth.

96. A person acting or purporting to act in an official capacity or taking advantage of such actual or purported capacity abuses office when knowing conduct is illegal, he or she denies or impedes another in the exercise or enjoyment of any right, privilege, power, or immunity. 53 Pa.C.S.A. § 5301

97. The Petitioners' and People's right to vote have been violated by the actions of some in the LRC and others in the process.

98. Moreover, entrusted government resources have been used in a manner to the benefit of certain government officials to the detriment of the Petitioners and the People of Pennsylvania.

99. The differences between the Preliminary Plan and the Final Plan and the email of Chair Nordenberg set forth in **Exhibit "G"** support that there were backroom deals and/or changes made behind closed doors, suggesting possible conspiracy, collusion and/or neglect of proper duties by some interested persons associated with the LRC and/or state government officials.

100. The Pennsylvania Constitution makes clear that a reapportionment plan can never have force of law until all appeals are decided, and even then, only if all challenges are dismissed." See Pa. Const. art II, § 17(e). Holt *et al* v. 2011 Legislative Reapportionment Comm'n, 614 Pa. 364, 373 (2012).

101. In addition, the court in Holt articulated the impact on delayed reviews of the census data when it recognized that the LRC "failed to adopt a plan in a timeframe that offered the remote prospect of appellate review before the primary season began…[and] the inexplicable delay ensured that primary candidates who relied upon the 2011 Final Plan did so at their own peril." Id. at 373.

102. The same delay and circumstances are happening here, as census data was released on September 16, 2021, but the Final Map was not released until February 4, 2022, just eleven (11) days before the start of petition circulating and without accounting for the thirty (30) day period to file a challenge.

103. By no fault of the Petitioners, there is not enough time to adequately adjudicate this challenge before the suggested modified primary schedule recommended by the Pennsylvania Department of State.

104. Due to the uncertainty of the outcome of state representative districts, potential candidates, such as Petitioner Ryan Covert, are not able to proceed as planned and the entire integrity of a free and equal opportunity election is compromised.

105. Petitioners seek an Order that the Final Plan to be remanded with a directive to the LRC to reapportion the Commonwealth, and until a Final Plan is found to be constitutional, the temporarily suspension of the current Elections Calendar to remain in place.

VI. JOINDER OF OBJECTIONS TO THE 2021 FINAL PLAN AS SET FORTH IN THE PETITION FOR REVIEW OF KERRY BENNINGHOFF

106. Paragraphs 1-105 are incorporated by reference as if fully set forth at length herein.

107. Petitioners hereby join the objections and brief of Petitioner Benninghoff as set forth in his Petition for Review and Brief docketed at 11 MM 2022 and that the Final Plan is unconstitutional and must be declared to be contrary to law.

VII. ATTORNEY FEES AND COSTS TO PETITIONERS

108. Paragraphs 1-107 are incorporated by reference as if fully set forth at length herein.

109. Under Article II, Section 17(g) of the Pennsylvania Constitution compensation is afforded those working on the maps as Section 17(g) states:

> The General Assembly shall appropriate sufficient funds for the compensation and expenses of members and staff appointed by the commission, and other necessary expenses. The members of the commission shall be entitled to such compensation for their services as the General Assembly from time to time shall determine, but no part thereof shall be paid until a preliminary plan is filed. If a preliminary plan is filed but the commission fails to file a revised or final plan within the time prescribed, the commission members shall forfeit all right to compensation not paid.
> Pa. Const., art II, § 17(g).

110. Unlike the LRC, who has attorneys being paid by the taxpayers, counsel for Petitioners, citizens of this Commonwealth, have incurred substantial time and expense to bring forth this vital Challenge to enforce Constitutional and civil rights. Accordingly, Petitioners seek costs and counsel fees.

111. Petitioner also seek counsel fees due to the dilatory, obdurate, vexatious, arbitrary, and/or bad faith conduct of the LRC and/or as a sanction pursuant to 42 Pa.C.S.A. § 2503.

112. Petitioners reserve the right to further amend and/or supplement this Challenge and brief, including after review of Respondent's answer and brief.

PRAYER FOR RELIEF

Petitioners respectfully request that this Honorable Supreme Court:

1. Find that the Final 2021 Legislative Reapportionment Commission Plan as a whole is contrary to law;
2. Remand to the 2021 Legislative Reapportionment Commission with a directive to reapportion the Commonwealth in a manner consistent with the Pennsylvania Constitution and this Court's opinion to follow;
3. Award Petitioners their costs, and reasonable attorneys' fees to Petitioners' counsel related to this Challenge; and
4. Grant such other and further relief as the Court deems just and proper.

Respectfully submitted,

relevance, I think, to current-day demographics. And certainly, let's say a new hire at Indiana University of Pennsylvania who would buy a house and some land 8 miles out of town in Rayne Township would probably have no idea that he or she was moving into an area where -- a completely different legislative district, and they would not have representation of their interests.

So talking about the importance of this, we all know now that the State System of Higher Education is in a pretty dire straight. We are experiencing, you know, across-the-board retrenchments of faculty, universities are being merged two or three into one because the system can no longer support them, which is really sad for me, having spent most of my life working for the system in what I think is probably its heyday. And yet my Representatives in Indiana County seem to have shown little advocacy or interest in what's going to happen if the State System collapses. They're very, very concerned about the loss of some coal jobs, if the Regional Greenhouse Gas Initiative is adopted, but I don't hear the concern for what's going to happen if, you know, the State System falls apart.

So here's what I am asking. I am asking if you would take a very close look at all of the towns which host the universities of the State System, and other universities as well, and I'm sure there's similar issues in State College,

and I think when you do you will find that they were districted in such a way to split and mute the voice of these communities of interest which always gather around a university. If you reverse these gerrymanders, I'll call them gerrymanders, and by the way, I was very interested in the map that the lady held up of Butler County, because right there at the nexus of all of that crisscrossing is Slippery Rock, which is another one. But anyway, if you reverse these gerrymanders, it's probably not going to have a major effect, you know, on the political calculus statewide, but it will give these communities of interest which gather around universities more of a voice. It will ask their Representatives to heed that voice, to be very mindful of that voice, because I think now they can safely more or less ignore it. And it might just help us save the State System, if that's still possible. I don't know.

But thank you very much. That's my testimony.

CHAIR NORDENBERG: Thank you, Professor. And I will say there are people up here I know who have a strong interest in higher education, and in IUP in particular.

Any questions or comments?

Senator Ward.

SENATOR K. WARD: I have one question. What's the population of Indiana County?

MR. CHEPAITIS: Could you say?

Subject: RE: Butler County House Districts -TIME SENSATIVE

Dear Representative Mustello:

Though I was unable to respond prior to last Friday afternoon's vote, as you requested, I did want to acknowledge your message.

As I explained in that meeting, the Commission spent a great deal of time thinking about Butler, Lawrence and Mercer Counties, in no small measure because, as I said in my remarks, we inherited a "mapping mess" there. Given that as our starting point, we felt quite good about the maps of those three counties that were part of our preliminary plan.

However, one of the top priorities of your caucus leader was to unpair two Republican incumbents who had been drawn into the same district as a part of that preliminary plan. To accommodate that expressed priority, we needed to bring those two representatives back into Butler County, which is a part of their current districts. This also permitted us to be responsive to some of the "community of interest" comments that had been submitted to us.

As I said at Friday afternoon's public meeting, neither this process nor the plan that resulted from it are perfect. However, we worked very hard, within the time constraints imposed by the Constitution and the looming primary elections, to produce a plan that is responsive to the needs of the people of Pennsylvania. I am sorry that our efforts seem to have had a negative impact on the district that you represent.

Mark Nordenberg

Subject: Butler County House Districts

Dear Chairman Nordenberg –

Radical is the only way to describe your last-minute changes to the state legislative districts in Butler County. The map that was originally proposed that reduced the number of legislators in Butler County from seven to three showed a great respect for our residents and our communities. Although it is difficult to draw perfect boundaries, this map did a good job of sorting the municipalities into existing communities of interest.

Today you are scheduled to vote on a map that has not been shown to, nor vetted by, the public. I am surprised and disappointed that you have not shown this to the public and asked for their input. As I write this email to you it is still not available online for the public to see. What happened to the claims of overseeing "the most transparent process in history"? Last minute changes have been made and municipalities have been affected and they don't even know.

I would like to know how many Butler County residents with whom you spoke as you crafted these final maps. Have you driven through my county or other counties to see how these new districts will actually affect constituents? Will they be able to find their members? What happens to their representation? Do you actually know how state legislators interact with and serve their constituents on a daily basis?

Fairness is defined as "behavior without favoritism or discrimination." Even viewing this process without a partisan lens, it is doubtful that an average Pennsylvanian at a Wawa or a Sheetz would find much about redistricting to be fair. Rural areas tend to be Republican and urban areas tend to be Democratic. It is not fair to use this process to try and change that.

I encourage you to think less about the General Assembly and more about the average Pennsylvanian and how these maps will affect them. How do these districts affect local municipalities? How do these districts affect taxpayers, school districts, senior citizens, students, etc? How will these new districts affect our representation of them and their needs?

It is important that we have fair districts that reflect our population and the interests of our communities. It is also important that the people making the decisions understand the people who live in those areas. I encourage you to think about those people as you vote.

I look forward to your prompt response before the vote.

Sincerely,

Marci Mustello
PA State Representative
11th District

indicated in our last hearing, very different approaches were taken in the Senate and in the House. I might describe the Senate approach as the pursuit of a consensus map. The two Leaders and their teams were meeting on a regular basis in Harrisburg, in Greensburg, and in Pittsburgh, I believe, and were committed to trying to work out as many issues as they could. When they came to us with a limited number of disputes that could not be resolved, we basically were working from their maps and were doing little mapping of our own.

In the House, as I already have reported, there was very limited Caucus-to-Caucus interaction. Instead, we were dealing with the two Caucuses separately. So rather than having a consensus map, we had more of a composite map with our team taking what we thought were the best features of each Caucus submission and knitting them together. That, of course, does require a measure of independent work, but it is a relatively small measure, far short of taking over the mapping process, as some have suggested. We received binders of map proposals from the House Republican team, and we had frequent meetings with them to discuss issues that they raised, as well as issues that we identified.

In fact, last evening we quickly identified 20 counties in the Commission's preliminary map that are exactly like submissions that came to us from the House Republican team. That list includes: Armstrong, Cameron, Clarion,

Clinton, Blair, Butler, Carbon, Bedford, Elk, Forest, Fulton, Huntingdon, Indiana, Jefferson, McKean, Potter, Susquehanna, Sullivan, Union, Warren, and Westmoreland Counties. If the Republican team's submissions had less impact on the final map than the submissions of the Democratic team, that is because we found the submissions from the Democratic team to be more persuasive, and in making those assessments we were engaging in precisely the process that was described by all four Caucus Leaders in the letter that they submitted to the Chief Justice, calling balls and strikes.

I was first asked if I would serve as Chair of the Legislative Reapportionment Commission at the time of the 1990 Census, now more than 30 years ago. I was the Dean of Pitt's Law School at the time, and I was approached by Representatives of both parties. The Republican inquiry came to me from Mike Fisher, then a member of the Senate Republican Leadership, and someone who later became the State's Republican Attorney General and Republican candidate for Governor. He now is a judge of the Third Circuit Court of Appeals, and I am certain that Judge Fisher, along with many others, would testify to my integrity and fairness.

Going back to that now 30-year-old experience, I had been told that there was an agreement between the two parties that I would be the Chair. However, on the day of the vote, something historic happened. The two Republican

locations into account, if that's something you did.

MR. THORNBURGH: I'll just add one point, Leader McClinton. I think, first of all, it's not easily and readily apparent for folks like us to figure out incumbent addresses. It's kind of a laborious process. I think Carol mentioned that. So that's one thing for the future, for that sort of data, to make that more available would be helpful. But the other thing is, my sense is that constituents, you know, they want everything, but I think folks were okay with recognizing some level of incumbent addresses in exchange for a sense of stability. And I see that. So if there were some way to acknowledge that a certain number of districts were kept, you know, taken that more into account than others, or were part of a sort of a more gradual journey towards, you know, districts with respect to the constitutional criteria and others, my sense is that folks would be okay with that. It's when, and we've seen this in the past five decades, that when incumbency and protecting incumbents, or punishing challengers, becomes clearly a part of the decisions that result in the lines that are drawn, that people are offended. So I hope that's a useful addition in your thought process.

CHAIR NORDENBERG: I think it was very useful. Thanks.

the first place?

Perhaps we need to clarify what State Representatives actually do. Mr. Chairman, being a private sector guy myself, I'm going to assume you're relatively new to the workings of State politics, much like I was 3 years ago. I associated State Reps with most other politicians like U.S. Congressman and Senators, judging them largely by the letter behind their name and the votes they took on certain bills. My guess is whoever drew these maps thinks of them the same way, but that demonstrates a fundamental misunderstanding, just as I myself had three years ago, of what Reps do.

The majority of our job has nothing to do with party or legislation. That's why most Reps will go years without ever passing a single significant bill. On the contrary, the job has everything to do with constituent services. The real work, the real value occurs not in Harrisburg, but in the district offices. To adversely impact millions of Pennsylvanians by unnecessarily upending their districts, showing total disregard for longstanding relationships with municipal, school, and other community leaders, and ignoring what for many of them are very important relationships with their Representatives and district staff all for no good reason is unconscionable. Please put aside political gamesmanship and focus on the senior citizen ashamed

to acknowledge they can't afford their property taxes, the single mother who needs assistance with her utility bills, and the unemployed machine operator embarrassed to ask for help collecting his unemployment. These people don't care about the letter behind their Reps' name. They care about their relationship with those Reps and their staff.

Back to the gerrymandering and specific examples of it. First, whoever drew these maps is without question a Democrat partisan, but it doesn't stop there. These maps have Republican fingerprints on them as well. This is unacceptable. I'm happy to provide you with as many examples as you like, but for the sake of time, I provided four in my written testimony, and will only talk about two today.

First, it has been stated that these maps were created without regard to where incumbents live. Again, I spent my career optimizing maps, and it is impossible, not unlikely, but impossible the mapmaker didn't consider Representatives' home addresses. We have seven examples of Republicans who end up in head-to-head competition, most of which could have been avoided, but only one such example for Democrats. If drawn objectively, the opposite should be true. Why is that? Because most Democratic Reps are concentrated in Philadelphia and Pittsburgh, and live in very close proximity to one another. It is impossible that they weren't intentionally protected from head-to-head competition.

Impossible, sir.

Which leads us to our second example. The newly created 10th and 17th Districts in western PA, one of the most blatant examples of gerrymandering. The 17th District is ridiculously shaped to snake to the eastern side of Lawrence County, then make an abrupt left turn to the Ohio border, in the process drawing a border that not only removes Aaron Bernstein from his current 10th District, but literally splits the property line of his personal home. Are we to believe this occurred by accident? This was most likely done to create a new 10th District to protect a 13-time Democrat incumbent, Chris Sainato.

But, Mr. Chairman, before you think I'm just a Republican lawmaker testifying against a Democrat mapmaker, it goes beyond that. In cutting Berntein out of the 10th District, he is pitted against an incumbent Republican in the newly formed 17th District. This puts Bernstein at an incredible disadvantage as he finds himself in the far corner of that district, most of which he does not currently represent. Why is that relevant? Because Bernstein is an anti-establishment Republican whose leadership called on to resign last election cycle. If you think this is a coincidence, please think again. This is but one such example of both Democrat and Republican establishment fingerprints on these maps. This is what happens when people ignore the law

and introduce their personal bias and beliefs on a whole myriad of considerations that aren't contained within the Constitution.

Sir, I'm not sure if all of this occurred at your direction or behind your back. I hope it was the latter. So I felt I had the obligation to bring it to your attention, as I trust you have the strength of your convictions to remedy it before the Supreme Court does. And that remedy, appropriately enough, is simply to honor the Constitution, which not only empowers you but dictates you to adhere to the compactness and municipal boundary requirements it sets forth.

Thank you for your time, and I'm happy to take any questions you may have.

CHAIR NORDENBERG: Thank you.

Any questions or comments?

(There was no response.)

CHAIR NORDENBERG: We'll look forward to getting your written testimony. We'll look at the examples.

My only response is that we have taken the requirements of Article II very seriously, and by every measure, including the expert witness called by your Caucus yesterday, the current map far exceeds the existing map in terms of compactness, county splits, municipal splits, all of the requirements, the quantitative requirements of Article II.

REPRESENTATIVE JONES: Thank you, sir.

My only quick comment is to really do what the Constitution says. There are definitely opportunities to make it more compact, and clearly opportunities to reduce municipal splits, and I'm happy to help any way I can.

So thank you for having me, and I appreciate you being willing to serve our Commonwealth.

CHAIR NORDENBERG: Well, thank you very much, and, of course, that is the purpose of this 30 days, so we appreciate your comments.

Our next witness is Ryan Mackenzie from Emmaus, and he is going to talk about Lehigh County.

Welcome, sir.

REPRESENTATIVE MACKENZIE: Thank you, Mr. Chairman.

I have a slide presentation, but I also have hard copy handouts, if you would prefer this.

CHAIR NORDENBERG: Either way.

REPRESENTATIVE MACKENZIE: I'll certainly do the presentation, but I will give you the hard copies as well, just for the three Members so that you can use those, so that you can follow along on those as well, if you'd like.

CHAIR NORDENBERG: Thank you very much.

REPRESENTATIVE MACKENZIE: Great.

Well, thank you, Mr. Chairman, and thank you to the Members of the Commission for allowing me to join you here

Mercer Counties, I first need to show you, and you can see it on the screen, what a mapping mess this region is in the map that was enacted in 2012. Butler County is an area that has experienced strong growth and is perfectly sized for three full House districts. However, under the 2012 plan, Butler County was divided into seven House districts, with only two of those Representatives living in the county. Similarly, Mercer and Lawrence Counties together are perfectly sized for three full House districts. However, under the 2012 plan, those counties were divided into five districts, including a district that stretches from Lawrence County through Mercer, Crawford, and Erie Counties, all the way to Lake Erie.

In our preliminary plan, we treated Butler County alone, and treated Lawrence and Mercer Counties together as a two-county unit, and made maps accordingly. Following the release of the preliminary plan though, we began receiving suggestions about the communities of interest that cross county lines in that tri-county region. We also received continuing pleas from the Republican Caucus Leaders to unpair their incumbents, if that was possible. We shifted our focus, we began looking at that region as a three-county region, and ultimately produced a new map eliminating another pair of Republican incumbents.

What I hope this conveys in some sense that this was a thoughtful process, not an exercise in targeting
