ORDER

PER CURIAM

     AND NOW, this 12th day of March, 2024, in consideration of Intervenor Dominion

Voting Systems, Inc.'s Emergency Application to Enforce Supreme Court Order and for

Hearing to Hold Petitioners in Contempt, the Court directs the following:

   (1) To the extent Dominion and the Secretary of the Commonwealth seek permanent relief barring disclosure by Fulton County of software and data copied from its voting equipment that is the subject of this dispute, the Application is **DENIED** without prejudice to Dominion's right to seek injunctive or other relief in the Commonwealth Court at 277 M.D. 2021.

(2) In recognition of the risk of irreparable harm arising from disclosure of proprietary information, this Court extends the application of the Special Master's order of January 10, 2024, to the later of: (a) thirty (30) days from the issuance of this Order or (b) the date of the Commonwealth Court's disposition of any filing by Dominion seeking such relief.

(3) Dominion's and the Secretary's application for a hearing to hold Fulton County in contempt of this Court's order(s) is **DENIED**.

This Court further observes that, because these protective-order proceedings arise independently of the apparent scope of this Court's prior sanction orders in this litigation, the parties shall bear their own costs and fees associated with these proceedings unless the lower court or this Court shall direct otherwise at some future time.

Justice McCaffery did not participate in the consideration or decision of this matter.
